

*Dear friends*

*These are lonely times and frightening, but we can stay in touch over the phone with our neighbours and friends. There are many resources out there by radio or you may have a computer and are able to access the internet.*

### **The BBC**

- The BBC broadcasts Choral Evensong every day so we may not be able to share worship together but we can pray and engage with worship in other ways.

We can pray for our friends and neighbours and for the people of the world

- The BBC's Daily Service on Radio 4

### **Smart speakers**

- Daily prayer audio content can be accessed via our smart speaker apps

### **Live streaming and Apps**

- Users can watch live streams of services from a range of churches and we will be improving <https://www.achurchnearyou.com> in the days ahead to make this clearer. A Church Near You now lists hundreds of churches offering livestreams of services from across the country.
- Weekly Church of England service broadcasts will be made available each Sunday through <https://www.facebook.com/thechurchofengland>

### **Prayer Apps**

- Time to Pray app - everything you need for prayer during the day, with variations according to the day of the week and the season of the Church's year.

- Prayer for the day - each day the Church of England publishes audio and text of the Prayer for the Day.
